

# SUPER LIFTINGPROGRAM

Moisturizing / Anti-wrinkle / Nourishing / Regeneration

SUPER LIFTING PACK ..... 6ml •™ 10ea  
SUPER LIFTING POLYMER ..... 1ml •™ 10ea  
SUPER LIFTING WRINKLE CREAM ..... 30g

## Ingredient

SUPER LIFTING PACK : Water, Carbomer, Yeast Beta-Glucan, Caffeine, Hovenia Dulcis Fruit Extract, Camellia Sinensis Leaf Extract, Lonicera Japonica (Honeysuckle) Flower Extract, Paeonia Albiflora Root Extract, Sophora Angustifolia Root Extract, Scutellaria Baicalensis Root Extract, Rhus Semialata Extract, Prunus Persica (Peach) Leaf Extract, Ginkgo Biloba Leaf Extract, Acetyl Hexapeptide-8, Copper Tripeptide-1, p-Anisic Acid, Caprylyl Glycol

SUPER LIFTING POLYMER : Water, Portulaca Oleracea Extract, Camellia Sinensis Leaf Extract, Benincasa Cerifera Fruit Extract, Sodium Hydroxide, Polyepsilon-Lysine

SUPER LIFTING WRINKLE CREAM : Water, Dipropylene Glycol, Cetyl Ethylhexanoate, PEG-10 Dimethicone/Vinyl Dimethicone Crosspolymer, Squalane, Glyceryl Stearate, Dimethicone, Stearyl Alcohol, Cetyl Alcohol, Limnanthes Alba (Meadowfoam) Seed Oil, Polysorbate 60, Ethoxydiglycol, 1,2-Hexanediol, C13-14 Isoparaffin, Laureth-7, Polyacrylamide, Trimethylpentanediol/Adipic Acid Copolymer, Hydrogenated Lecithin, Sodium Hydrogenated Tallowyl Glutamate, Carbomer, Xanthan Gum, Triethanolamine, Tocopheryl Acetate, Sodium Hyaluronate, Yeast Beta-Glucan, Copper Tripeptide-1, Palmitoyl Pentapeptide-4, Acetyl Hexapeptide-8, Hovenia Dulcis Fruit Extract, Dipotassium Glycyrrhizate, Sodium Polyacrylate, Phenoxyethanol, Adenosine, Tetrasodium EDTA, Perfume.

## Pico Bio / Production Products

### Super Lifting Program

These products have been developed and patented by our central research center after many years of research, and aim to solve the problems of skin aging such as sagging of the skin, enlarged pores, skin discoloration, fine wrinkles, protein deficiency, and fat formation with a single complex cosmetic prescription.

Capacity 6ml x 10ea

#### SUPER LIFTING PACK

This product is used in combination with a lifting polymer. When applied to the skin, it is a product that has a fresh cooling sensation, strongly pulls the skin over time, and makes slack and sagging skin elastic.

Capacity 1ml x 10ea

#### SUPER LIFTING POLYMER

It is a product that is mixed and used in a lifting pack, and it is a product that makes the skin, that has lost its elasticity and that is saggy, youthful.

Capacity 30g

#### SUPER LIFTING WRINKLE CREAM (Wrinkle-improving functional cosmetics)

- As a product applied at the last step, adenosine, a functional ingredient for peptide and wrinkle improvement, improves wrinkles, and makes the skin elastic and healthy.
- It is a nano-formulation, not a general emulsified formulation product with a good sense of use, and maximizes the effect by being quickly absorbed into the skin.

### Product Features

#### Strong lifting effect

The effect of lifting the sagged skin and restoring it to its original state by using the super-lifting polymer (patented ingredient)

#### Blood circulation promotion, lipolysis effect

It contains green tea extract, caffeine, beta-glucan, and Green No.8, promote blood circulation, and break down unnecessary fat to make your skin elastic.

#### Pore reduction

Herb Green No.8, a botanical ingredient extracted from 8 herbs, shrinks pores and makes your skin smooth and soft.

#### Wound healing, skin regeneration

Copper Tripeptide / Acetyl Hexapeptide / Palmitoyl penta peptide the extract (patented ingredient) of Hovenia Dulcis fruits are contained, which increase the elasticity of the skin and helps collagen formation.

### How to use super lifting polymer

### Efficacy of the main ingredients

#### ● Super lifting polymer

It is a polymer made by dissolving porous minerals. When it comes into contact with weakly acidic skin, it absorbs carbon dioxide in the air and changes into a gel form. At this time, in the process of transforming into a gel, porous minerals adsorb wastes from the skin and decompose fat, and strongly lift the sagged skin to improve wrinkles and make the skin elastic.

**Efficacy:** Powerful lifting, wrinkle improvement, whitening, removal of wastes, lipolysis

#### ● Hovenia Dulcis Fruit Extract

Hovenia Dulcis contains 13% of sugars such as fructose, sugar, glucose, catalase, and peroxidase and contains a lot of trace elements such as calcium and triterpenoids, hovenic acid, rutin, potassium, and iron to prevent skin aging.

**Efficacy:** antioxidant effect, immunity enhancement, skin stress suppression, skin nutrient flow enhancement, detoxification

### ● Peptide Copper Tripeptide / Acetyl Hexapeptide / Palmitoyl penta peptide

It is a substance synthesized into a desired molecular structure using amino acids extracted from plants. It increases collagen in the skin, improves wrinkles, heals wounds, and regenerates the skin according to the molecular structure.

**Efficacy:** Collagen increase, wrinkle improvement, wound healing, skin regeneration

### Adenososome (a functional ingredient for wrinkle improvement recognized by the Korea Food and Drug Administration)

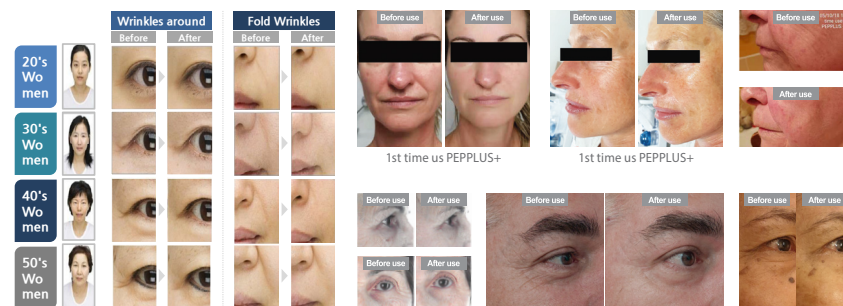

As a component of ATP, which is essential in the activity of living organisms, it is easily absorbed into cells and synthesized in vivo. As an important substance that regulates various metabolisms, it is effective in improving skin elasticity, preventing skin wrinkles, and increasing collagen synthesis.

**Efficacy:** skin elasticity and wrinkle improvement effect

**Adenososome** is a nano-sized multi-membrane liposome structure that stably encapsulates adenosine, a functional raw material, in a multi-layered membrane, and then secretes adenosine when applied to the skin to maximize the effect.

### Clinical pictures

### How to use

1. Clean your face with a cleansing agent
2. Open the Super Lifting Polymer lid and place all into the Super Lifting Pack container.
3. Shake it vigorously for about 30 seconds, then mix it well evenly again using a pack brush. (When thoroughly mixed, it becomes a gel.)
4. Apply evenly over the face using a pack brush so that it does not get into the eyes.
5. If you stay comfortably without talking for about 30 minutes, the sagging skin will be strongly pulled. After applying the pack to the skin, use a fan to create a breeze, so you can feel a better effect with a cool refreshing sensation.
6. After cleansing, finish with the wrinkle cream in the product.

### The following symptoms may occur when using the lifting pack

#### ● The phenomenon of blushing

This phenomenon appears as capillaries are activated due to the strong lifting effect. It is the same phenomenon that blood circulation increases or your face turns red when you drink alcohol. This disappears after about 30 minutes to 1 hour. However, if these symptoms persist for 24 to 48 hours or longer, it is considered a problem, so please stop using it.

Note: Depending on the person, some people have skin troubles even if they change water or blow only pollen. This is not because there is something wrong with the product, but because it is a natural ingredient that does not match your constitution. Examples> Mackerel. Taro, Pollen, etc.

#### ● Skin irritation

As it causes a strong lifting effect momentarily, people with sensitive skin may feel it temporarily, but it is not a side effect, so you can use it with peace of mind.

#### ● Itchy phenomenon

This is a phenomenon that occurs when the pack hardens and cracks. People with dry skin may feel itchy symptoms, but it is not a side effect, so you can use it with peace of mind.
